The French have a saying, “raison d’être”, which describes one’s driving passion. At its heart, this is the basic principle that drives the simple yet unparalleled styling for the East Square® collection. For discerning customers, form follows function for the spartan nuances of modern design.

At Newport Brass® we have combined an artful tapered shell that seamlessly transitions the bold body to a vaulted spout. Accentuated with a clean straight handle as the finishing touch to this masterpiece.

The addition of this new pull-down kitchen faucet available in all 28 Newport Brass® finishes allows a complete design synchronization; from the kitchen, to the bath & shower, and under the sink solutions.
