

PRESENCE, DESIGNED FOR EVERY KITCHEN

The Heaney Collection elevates its kitchen presence with a new paddle-style handle, deepening the character of its iconic design. Rooted in solid brass construction and defined by cylindrical forms with stepped detailing, Heaney strikes a perfect balance of precision and artistry, and offering a silhouette that feels purposeful, enduring, and unmistakably refined.

INSPIRATION

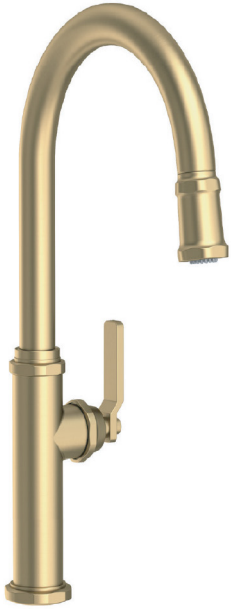

With the addition of the paddle handle, Heaney introduces new possibilities to express personal style within a refined, cohesive design language. The result is a kitchen that feels intentional and bespoke. Grounded in enduring craftsmanship yet elevated with a bold industrial edge.

CRAFTSMANSHIP

At the heart of every piece we create is a commitment to true craftsmanship. Our solid brass spouts are bent in-house and hand-finished by skilled artisans at our California manufacturing workshop, joined by meticulously finished fasteners that reinforce the design's architectural composition—revealing integrity, intention, and enduring beauty in every element of the kitchen.

DETAILS

- Solid brass construction
- Euro-motion ceramic disc 25 mm valve cartridge
- Cartridge stem adapter ensures secure handle-to-stem interface
